Subject: San Jacinto River Waste Pits (06ZQ) - Request for aerial photos
Date: Wednesday, March 30, 2016 4:05:00 PM
Attachments: [Site Property - Ten aerial photos of the 20-acre tract that is part of the Site. Photos dated from 1964 thru 2009.](#)
[Photos from Anchor OEA.pdf](#)

Melody,

Please provide me with copies of aerial photos of the below described 20-acre tract of land that were taken between 01/01/1995 and 01/01/2000:

The 20-acre tract of land is bounded on its south side by Interstate Highway 10, on its east side by the San Jacinto River main channel, and on its north and west sides by shallow water off the river's main channel.

For your information I've attached ten aerial photos of the above described 20-acre tract of land. Photos in the attached file are dated 1964, 1966, 1973, 1981, 1985, 1995, 1997, 1998, 2002, and 2009.

The requested aerial photo copies taken between 01/01/1995 and 01/01/2000 are needed ASAP.

Thanks in advance.

Bob
